

ACSC — IOC Bulletin (Unverified) (Day 3)

Classification: OFFICIAL (Simulation)

Purpose:

Provide an interim set of unverified indicators for triage and correlation.

Indicators are included for teaching purposes and should be treated as unconfirmed until validated.

Indicators (example):

- Suspected phishing domain: lotuscare-support[.]com
- Possible C2 IP: 203.0.113.77
- File extension observed in report: .lotuslocked
- Ransom note filename: READ_ME_RECOVERY.txt

Handling note:

- Do not publish indicators externally.
- Validate against internal telemetry before blocking.
- Coordinate sharing via trusted channels.
