

LotusCare Services — Executive Incident Brief (Day 3)

Purpose:

Provide senior leadership with a consolidated view of the current cyber incident situation.

Known at this stage:

- Ransomware claim published on an external leak site.
- Limited files released as alleged proof.
- Media reporting ongoing.
- OAIC has commenced a preliminary NDB assessment.

Not yet confirmed:

- Whether personal information has been accessed or exfiltrated.
- Total number of individuals potentially affected.
- Full scope of impacted systems.

Immediate priorities:

- Preserve evidence.
- Support regulatory engagement.
- Maintain consistent external messaging.
- Continue technical investigation.
