

LotusCare Services — Legal Advice Snapshot (NDB Considerations)

Context:

External claims and media reporting raise potential obligations under the Notifiable Data Breaches scheme.

Key points:

- An eligible data breach has not yet been established.
- LotusCare has up to 30 days to conduct a reasonable and expeditious assessment.
- Premature confirmation should be avoided.

Recommended approach:

- Continue assessment and documentation.
- Coordinate all external statements.
- Preserve legal privilege over internal advice where applicable.
